Madras Exhibition of 1857.

NOTIFICATION.

THE Right Honorable the President and Members of the Committee for the Madras Exhibition of 1857 have the honor to announce, that Articles from all Countries will be admitted to the Madras Exhibition, to be held in the beginning of 1857, and be allowed to compete for Prizes; but, with a view to promote the good of this Country, it is hereby notified that Money Prizes, Medals, &c. will only be given for Articles capable of being applied in the Arts and Manufactures of India, or calculated to be of use to its people.

It will be necessary that each Local Committee attend to the following points:—Each Article sent for Exhibition must be (1) distinctly labelled, and the label must (2) set forth the district or locality from which the Article is sent; (3) the name of the Exhibitor; and (4) the price of the Article. Each Local Committee will also state in their Invoice List, how each article they send is to be disposed of at the close of the Exhibition, in the event of its not having been sold for the price put upon it by the Exhibitor.

The several Local Committees will consider themselves at liberty to add to their numbers such influential Natives of their District as they may consider likely to aid them in promoting the objects in view.

It would greatly facilitate the accurate performance of the duties of the General Committee if the Local Committees and the Exhibitors when addressing communications on the subject of the Exhibition would adhere to the official form of communication; or, in case of the non-official or private form being adopted, if they would so mark the letter, or such portions of it, in case of the letter being of a mixed nature, as may be intended to be private or non-official.

SAILING DIRECTIONS FOR ENTERING
THE HARBOUR OF DALHOUSIE.

Latitude..... $16^{\circ} 7' 00''$ N.
Longitude..... $94^{\circ} 27' 00''$ E.

1st.—Vessels, of 14 feet draft and upwards should, on no account, attempt the passage to the Westward of Negrus Island.

2nd.—Vessels coming from the Southward should bring Diamond Island to bear North-West then steer for it until the Fairway Buoy is visible, which is situated $1\frac{1}{2}$ mile North-East of the Island. Steer North North East from this Buoy until Black Buoy bears East, then North-East by North.

3rd.—Vessels entering from the Westward, in Latitude North of Diamond Island, should bring it to bear South-East, steer in for it until the Fairway Buoy is made, then proceed as above directed for vessels entering from the Southward. This passage, however, should be attempted by sailing vessels only in the North-East Monsoon.

4th.—Vessels unable from stress of weather to distinguish the different marks, should anchor under Diamond Island where good anchorage and smooth water is to be found.

Lieutenant Ward's Chart of the Bassein River is an excellent guide, and vessels provided with them scarcely need Pilots.

The following Buoys are now laid for the guidance of Commanders and Masters:—

A first class Red Buoy marks the extreme South end of the Orestes Shoal.

A first class Red Buoy marks the Eastern limit of the Orestes Shoal.

A first class Black Buoy marks the extreme edge of the Shoal extending from Porian shore.

A first class Red Buoy, marked Fairway, in white letters, is placed $1\frac{1}{2}$ mile North-East of Diamond Island.

N. B.—The Shoal extending South of Negrus Island is now called the Orestes Shoal, and that extending from the Porian shore Westward the Porian.

MEMO.

No. 6057.

Published for general information.

By order of the Offg. Supdt. of Marine,

H. HOWE,

Secretary.

FORT WILLIAM,
The 17th October 1856.

MEMO.

The following revised Directions for approaching the Sandheads are published for general information.

By order of the Offg. Supdt. of Marine,

H. HOWE,

Secretary.

FORT WILLIAM,
The 15th September 1856.

DIRECTIONS

FOR
APPROACHING THE SANDHEADS IN BOTH
MONSOONS.

THE SOUTH-WEST MONSOON.

THE South-West Monsoon may be considered to commence on the 15th March, on which date the Pilot Vessels take up their station near the Buoy on the Pilot's Ridge as described below. The South-West Monsoon is over by the end of September.

2nd. False Point Light House is in latitude $20^{\circ} 19\frac{1}{2}'$ North and longitude $86^{\circ} 47'$ East, and a Buoy is placed in $21\frac{1}{2}$ fathoms on the Pilot's Ridge, in latitude $20^{\circ} 49\frac{1}{2}'$ North and longitude $87^{\circ} 42'$ East, the Buoy therefore bears from False Point Light House North $59^{\circ} 49'$ East, true, and distant 59 $\frac{1}{2}$ miles.

3rd. A Vessel, therefore, after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms), should bring it to bear about West-South-West 10 or 15 miles distant, when she will be in 11 or 12 fathoms; then steer East-North-Eastward when the soundings will gradually increase to 23 fathoms on the Eastern edge of the Pilot's Ridge; she should then regulate her course so as to keep between the Ridge and 27 fathoms, when, by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruising ground is immediately to the North-East of the Light Vessel stationed during the South-West Monsoon in close proximity to the Buoy on the Ridge.

4th. The soundings to seaward of the Pilot's Ridge are, in general, a greenish or olive-colored mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

5th. Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and, on making the former at night, they are strongly recommended to heave to, at a proper distance, till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

6th. The Eastern Channel Light Vessel is in latitude $21^{\circ} 04'$ North and longitude $88\frac{1}{2}^{\circ} 14'$ East, and therefore bears from the Buoy on the Pilot's Ridge, North $63^{\circ} 26'$ East, true; and distant 32 $\frac{1}{2}$ miles. The Eastern Channel Light Vessel, from the 15th March to the 15th September, burns a blue light every half hour and a maroon every quarter hour during the night, commencing at 7 P. M.; and her standing light is a plain light.

7th. The Pilot's Ridge Light Vessel shows from the 15th March to the 15th of September a plain standing light, and burns a blue light every hour and a maroon at the intermediate half hours.

8th. It is important to observe the difference as to the blue lights and maroons shown by the Eastern Channel and the Ridge Light respectively, as, if this is attended to, a Vessel, out in her reckoning, or uncertain of her position, cannot possibly mistake one for the other.

THE NORTH-EAST MONSOON.

9th. This Monsoon, which constitutes the fine season in the Head of the Bay of Bengal, is considered to commence in October and end in the beginning of March. During this season the

Pilot Station is about the outer Floating Light situated in the Eastern Channel as above, and Vessels coming in should make directly for that mark. The Pilot Vessels cruise in the day time spreading East and West of, sometimes a little to the Southward of the Light Vessel, and at night anchor in positions not far from her. At this season she shows a maroon or torch-light every half hour and a blue light every hour.

MEMO.

THE following revised Directions for approaching the Sandheads are published for general information.

By order of the Offg. Supdt. of Marine,

H. HOWE,

Secretary.

FORT WILLIAM,
The 15th September 1856.

DIRECTIONS

FOR

APPROACHING THE SANDHEADS IN BOTH MONSOONS**THE SOUTH-WEST MONSOON.**

THE South-West Monsoon may be considered to commence on the 15th March, on which date the Pilot Vessels take up their station near the Buoy on the Pilot's Ridge as described below. The South-West Monsoon is over by the end of September.

2nd. False Point Light House is in latitude $20^{\circ} 19\frac{1}{2}'$ North and longitude $86^{\circ} 47'$ East, and a Buoy is placed in $21\frac{1}{2}$ fathoms on the Pilot's Ridge, in latitude $20^{\circ} 49\frac{1}{2}'$ North and longitude $87^{\circ} 42'$ East, the Buoy therefore bears from False Point Light House North $59^{\circ} 49'$ East, true, and distant $59\frac{1}{2}$ miles.

3rd. A Vessel, therefore, after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms), should bring it to bear about West-South-West 10 or 15 miles distant, when she will be in 11 or 12 fathoms; then steer East-North-Eastward when the soundings will gradually increase to 23 fathoms on the Eastern edge of the Pilot's Ridge; she should then regulate her course so as to keep between the Ridge and 27 fathoms, when, by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruising ground is immediately to the North-East of the Light Vessel stationed during the South-West Monsoon in close proximity to the Buoy on the Ridge.

4th. The soundings to seaward of the Pilot's Ridge are, in general, a greenish or olive-colored mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

5th. Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and, on making the former at night, they are strongly recommended to heave to, at a proper distance, till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

6th. The Eastern Channel Light Vessel is in latitude $21^{\circ} 04'$ North and longitude $88\frac{1}{2}^{\circ} 14'$ East, and therefore bears from the Buoy on the Pilot's Ridge, North $63^{\circ} 26'$ East, true; and distant $32\frac{1}{2}$ miles. The Eastern Channel Light Vessel, from the 15th March to the 15th September, burns a blue light every half hour and a maroon every quarter hour during the night, commencing at 7 P. M.; and her standing light is a plain light.

7th. The Pilot's Ridge Light Vessel shows from the 15th March to the 15th of September a plain standing light, and burns a blue light every hour and a maroon at the intermediate half hours.

8th. It is important to observe the difference as to the blue lights and maroons shown by the Eastern Channel and the Ridge Light respectively, as, if this is attended to, a Vessel, out in her reckoning, or uncertain of her position, cannot possibly mistake one for the other.

THE NORTH-EAST MONSOON.

9th. This Monsoon, which constitutes the fine season in the Head of the Bay of Bengal, is considered to commence in October and end in the beginning of March. During this season the Pilot Station is about the outer Floating Light situated in the Eastern Channel as above, and Vessels coming in should make directly for that mark. The Pilot Vessels cruise in the day time spreading East and West of, sometimes a little to the Southward of the Light Vessel, and at night anchor in positions not far from her. At this season she shows a maroon or torch-light every half hour and a blue light every hour.

WHEREAS it is expedient to make better provision for the appointment and maintenance of Police Chowkrydars in cities, towns, stations, suburbs, and bazaars in the Presidency of Fort William in Bengal, It is enacted as follows :—

I. Regulation XXII. 1816, Regulation VII. 1817, Section VI Regulation III. 1821, and Section IV Regulation II. 1832, of the Bengal Code, and Act XV of 1837, are hereby repealed, except as to any act which shall have been done, or any liability which shall have been incurred, before the passing of this Act. Provided that the monthly assessment levied, under Regulation XXII. 1816, and Act XV of 1837, in any city or station at the time of the passing of this Act, shall continue to be levied until the same shall be revised and altered under the provisions of this Act.

II. The provisions of this Act shall have effect in the cities and stations in which the said Regulation XXII. 1816 has heretofore been in force, and in every other city, station,

town, suburb, and bazaar in the said Presidency to which the Local Government at any time may extend the same by Notification in the Official Gazette. Provided always, that this Act shall not be extended to any city, town, suburb, or bazaar, unless there be therein (or in some other city, town, suburb, or bazaar with which the same may be united as hereinafter provided) a Police Station under an officer of a grade not below that of Jemadar, nor to any agricultural village.

III. The Government may, by Notification to be published in the Official Gazette, unite, for the purposes of this Act, any city, town, suburb, station, or bazaar, or any part or parts of a city, town, suburb, station, or bazaar, with any other city, town, suburb, station, or bazaar; and in such case all the provisions of this Act applicable to a city, town, suburb, station, or bazaar shall apply to such union.

IV. For the purposes of this Act the Local Government may define and declare the limits of any city, town, suburb, station, bazaar, or union, and all occupiers of houses within any such city, town, suburb, station, bazaar, or union as aforesaid, or within such limits as shall be so defined as aforesaid, shall be liable to be assessed or rated according to the provisions of this Act for the purpose of maintaining the Chowkrydars appointed to be maintained in such city, town, station, suburb, bazaar, or union.

V. If any house be let out in portions to different persons, or be let out to or occupied by lodgers or travellers, the person who shall so let the same, or who shall receive the rents or payments from such persons or lodgers or travel-

lers, shall, for the purposes of this Act, be deemed to be the occupier of such house.

VI. The Magistrate may cause a name to be given to any street and affixed in such place or places as he may think fit, and may also cause a number to be affixed to every house in any street or mohalla for the purpose of identifying such house; and if any person shall wilfully remove, obliterate, or destroy such name or number, he shall be liable, on conviction by a Magistrate, to a fine not exceeding twenty Rupees.

VII. The Magistrate shall determine the number of Chowkeydars to be maintained in any city, town, or other such place as aforesaid; but the number of Chowkeydars so to be maintained shall not exceed one to every twenty-five houses.

VIII. The Chowkeydars appointed under this Act may be of different grades, and the wages to be paid to the several grades shall be determined by the Magistrate.

IX. The Magistrate shall determine the total amount required to be raised in any year in any city, town, or other such place as aforesaid, for the purpose of maintaining the Chowkeydars appointed to be maintained therein, and for the purposes specified in Sections XXXIII, XXXIV, XXXV, and XXXVI of this Act, together with such sum as the Magistrate may consider necessary to provide against the contingency of losses from defaulters in the current year, and the amount of losses, if any, actually sustained from defaulters in the preceding year.

X. The tax to be levied in any city, town, or other place as aforesaid, for the purposes of this Act, may be either an assessment according to the circumstances and the property to be protected of the persons liable to the same, or a rate on houses and grounds according to the annual value thereof. The Local Government, on the report of the Magistrate and Commissioner of Circuit, shall determine in each case whether the tax to be levied shall be such assessment or such rate.

XI. If the tax be an assessment according to the circumstances and the property to be protected of the persons liable to the same, the aggregate sum to be raised by such tax shall not exceed the average rate of two annas per mensem for each house, and the amount assessed in respect to any one house shall not be more than the pay of a Chowkeydar of the lowest grade. If the tax be a rate on houses and grounds, it shall not exceed five per centum of the annual value thereof.

XII. For the purpose of making a rate under this Act, the annual value of the houses and grounds liable to the rate shall be computed and ascertained upon an estimate of the gross annual rent at which the same might reasonably be expected to let from year to year. Grounds used for purposes of trade shall be liable to the rate, but grounds used for the purpose of cultivation or for depasturing cattle shall not be liable.

XIII. The Magistrate may, at his discretion, exempt from the assessment or rate, or may relieve from the payment of his assessment or rate, any occupier who may be unable from poverty to pay the same.

XIV. For the purposes hereinafter mentioned the Magistrate shall constitute and appoint a punchayet for each such city, town, or other place as aforesaid, or, when he may see fit to divide any such city, town, or place into convenient divisions, for each division thereof, and shall issue a summons of appointment, specifying the names, residence, business, or other description of the persons appointed and the period for which the appointment is made. Every punchayet shall consist of three or five respectable persons residing or carrying on business in or near to any such city, town, or other place, or in or near to any such division thereof. Provided that, instead of any one such person, the Magistrate may appoint any person whom he may think fit to be a member of the punchayet, notwithstanding such person may not reside or carry on business in or near to such city, town, or other place, or in or near to any such division thereof.

XV. The punchayet so appointed, or the majority of them, shall, once in every year, if required so to do by the Magistrate, prepare and make, in accordance with the rules laid down in the requisition, an assessment or rate upon the several persons liable to be assessed or rated in respect of their occupation of property within the district (whether city, town, or other place as aforesaid, or any division thereof) for which the punchayet shall be appointed, and shall enter the same in a list which shall specify the names of the several occupiers of property within the district liable to be assessed or rated under the provisions of this Act, the trade, business, or other description of such occupier, the property occupied, and the amount payable monthly by such occupier. If the tax be a rate on the annual value of the property occupied, such annual value and the total amount of the annual rate shall also be specified. The requisition of the

Magistrate to the punchayet to make out such list shall be in the form marked A. or B., as the case may be, set forth in the Appendix to this Act annexed, or to the like effect.

XVI. The punchayet shall, if required by the Magistrate so to do, instead of making a new assessment or rate, revise and amend the assessment or rate then in force.

XVII. When an assessment or rate shall have been made or revised, as the case may be, the punchayet shall forward to the Magistrate the list containing the same; and the Magistrate shall revise, and, if necessary, amend and settle it.

XVIII. When the assessment or rate shall have been settled, the Magistrate shall sign the list, and shall cause one copy thereof, together with a Notification prepared according to the form marked C. in the Appendix to this Act,

XIX. Unless revised or corrected as hereinafter provided, every assessment or rate under this Act shall stand good for one whole year, and until a new one is made, and in case the occupier of any property included in any assessment or rate shall be changed before a new one is made, the new occupier shall be liable in respect of such property for any portion of the assessment or rate which shall have become payable during his occupation instead of the former occupier thereof; and after notification to such person, the Magistrate may cause his name to be substituted in the said list for the name of the former occupier.

Every assessment or rate which shall be revised according to the provisions of Section XVI shall be deemed a new assessment or rate. Provided always, that, if no new assessment or rate is made within the first three months of any year, the list of the previous year shall be republished according to the provisions of Section XVIII, and shall thereupon be deemed to be the assessment or rate for the current year, and shall be open to appeal under the next succeeding Section.

XX. Any person assessed or rated, who shall be dissatisfied with his assessment or rate, or who shall dispute his occupation of any property or his liability to be assessed or rated, may appeal on unstamped paper to the Magistrate, and the Magistrate, after making such inquiries as he deems necessary, by examination of the appellant on oath or solemn affirmation, or otherwise, may confirm the assessment or rate or amend the same. In case the Magistrate confirm the assessment or rate, he may award costs against the appellant. The decision of the Magistrate in such cases shall be final, and no objection shall be taken to any assessment or rate, nor shall the liability of any person to be assessed or rated be questioned in any other manner or by any other Court. Provided that no appeal shall be received after the expiration of one month from the time of the notification of the assessment or rate prescribed by Section XVIII, or of the notification of the substitution of the name of an occupier under Section XIX, unless the Magistrate, upon reasonable cause shown, shall extend the time for receiving such appeal.

XXI. The Commissioner of Circuit, with the consent of the Local Government, may at any time direct the Magistrate to revise the assessment or rate of any city, town, or other place as aforesaid, specifying the reasons which, in his opinion, render such revision necessary, and the Magistrate shall, according to such direction, revise and, if necessary, amend the same.

XXII. The Magistrate may require the punchayet to revise the assessment or rate at any period during the year; but on every such occasion he shall address a written order to the punchayet, specifying the reasons which render such revision necessary, and requiring an amended return within a stated period.

XXIII. Whenever any assessment or rate is revised during the year, as provided in the two last preceding Sections, a revised list, together with a Notification as prescribed in Section XVIII, shall be prepared and published in the manner therein directed. And all objections to such revised assessment or rate shall be made and dealt with in the manner prescribed in Section XX.

XXIV. If any person appointed a member of a punchayet refuse to undertake the office, or omit to perform the duties thereof, and do not, within fifteen days from the date of his appointment, show satisfactory grounds for his refusal or omission, or provide such a substitute as the Magistrate approves, the Magistrate may fine such person in a sum not exceeding fifty Rupees.

If the persons appointed a punchayet, or a majority of them, refuse, or omit, for a period of fifteen days after the receipt of an order from the Magistrate, to perform the duties required of them, the Magistrate may himself make or revise the assessment or rate, and may enforce the same as if it had been made or revised in the first instance by the punchayet. Provided that the functions of the punchayet shall not thereby absolutely cease and determine, but may be resumed at any time, only not so as to invalidate any act done by the Magistrate under this Section.

XXVI. No person shall be bound to act on a punchayet unless he shall reside or carry on business within the limits of the district for which the punchayet is to be appointed.

XXVII. Every punchayet shall be appointed for the period of one year, and no person shall be compelled to serve on a punchayet for more than one year at a time; or within less than three years after the expiry of previous service; but nothing in this Section shall prevent any person from being appointed to serve on a punchayet at any time whatsoever with his own consent.

XXVIII. If a majority of the persons assessed or rated in any district for which a punchayet shall be appointed, not being in arrear, make application in writing to the Magistrate for the removal of any member of the punchayet appointed for such district, the Magistrate, if he think it expedient, may remove such member from the punchayet.

XXIX. If any vacancy shall occur among the members of a punchayet, or if any member appointed shall refuse or decline or be unable to act, the Magistrate may nominate and appoint another person to supply the vacancy.

XXX. If any member of a punchayet be removed or appointed, the Magistrate may require the punchayet to revise the assessment or rate at any period during the year; but on every such occasion he shall address a written order to the punchayet, specifying the reasons which render such revision necessary, and requiring an amended return within a stated period.

Provided that the functions of the punchayet shall not thereby absolutely cease and determine, but may be resumed at any time, only not so as to invalidate any act done by the Magistrate under this Section.

XXXIV. No person shall be bound to act on a punchayet unless he shall reside or carry on business within the limits of the district for which the punchayet is to be appointed.

XXXV. Every punchayet shall be appointed for the period of one year, and no person shall be compelled to serve on a punchayet for more than one year at a time; or within less than three years after the expiry of previous service; but nothing in this Section shall prevent any person from being appointed to serve on a punchayet at any time whatsoever with his own consent.

XXXVI. If a majority of the persons assessed or rated in any district for which a punchayet shall be appointed, not being in arrear, make application in writing to the Magistrate for the removal of any member of the punchayet appointed for such district, the Magistrate, if he think it expedient, may remove such member from the punchayet.

XXXVII. If any vacancy shall occur among the members of a punchayet, or if any member appointed shall refuse or decline or be unable to act, the Magistrate may nominate and appoint another person to supply the vacancy.

XXXVIII. If any member of a punchayet be removed or appointed, the Magistrate may require the punchayet to revise the assessment or rate at any period during the year; but on every such occasion he shall address a written order to the punchayet, specifying the reasons which render such revision necessary, and requiring an amended return within a stated period.

XXXIX. Whenever any assessment or rate is revised during the year, as provided in the two last preceding Sections, a revised list, together with a Notification as prescribed in Section XVIII, shall be prepared and published in the manner therein directed. And all objections to such revised assessment or rate shall be made and dealt with in the manner prescribed in Section XX.

XL. If any person appointed a member of a punchayet refuse to undertake the office, or omit to perform the duties thereof, and do not, within fifteen days from the date of his appointment, show satisfactory grounds for his refusal or omission, or provide such a substitute as the Magistrate approves, the Magistrate may fine such person in a sum not exceeding fifty Rupees.

XLIII. Every punchayet shall be appointed for the period of one year, and no person shall be compelled to serve on a punchayet for more than one year at a time; or within less than three years after the expiry of previous service; but nothing in this Section shall prevent any person from being appointed to serve on a punchayet at any time whatsoever with his own consent.

If a majority of the persons assessed or rated in any district for which a punchayet shall be appointed, not being in arrear, make application in writing to the Magistrate for the removal of any member of the punchayet appointed for such district, the Magistrate, if he think it expedient, may remove such member from the punchayet.

XLV. If any vacancy shall occur among the members of a punchayet, or if any member appointed shall refuse or decline or be unable to act, the Magistrate may nominate and appoint another person to supply the vacancy.

Madras Exhibition of 1857.**NOTIFICATION.**

THE Right Honorable the President and Members of the Committee for the Madras Exhibition of 1857 have the honor to announce, that Articles from all Countries will be admitted to the Madras Exhibition, to be held in the beginning of 1857, and be allowed to compete for Prizes; but, with a view to promote the good of this Country, it is hereby notified that Money Prizes, Medals, &c. will only be given for Articles capable of being applied in the Arts and Manufactures of India, or calculated to be of use to its people.

It will be necessary that each Local Committee attend to the following points:—Each Article sent for Exhibition must be (1) distinctly labelled, and the label must (2) set forth the district or locality from which the Article is sent; (3) the name of the Exhibitor; and (4) the price of the Article. Each Local Committee will also state in their Invoice List, how each article they send is to be disposed of at the close of the Exhibition, in the event of its not having been sold for the price put upon it by the Exhibitor.

The several Local Committees will consider themselves at liberty to add to their numbers such influential Natives of their District as they may consider likely to aid them in promoting the objects in view.

It would greatly facilitate the accurate performance of the duties of the General Committee if the Local Committees and the Exhibitors when addressing communications on the subject of the Exhibition would adhere to the official form of communication; or, in case of the non-official or private form being adopted, if they would mark the letter, or such portions of it, in case of the letter being of a mixed nature, as may be intended to be private or non-official.

Secretary, Madras Exhibition.

Marine Department.**SAILING DIRECTIONS FOR ENTERING
THE HARBOUR OF DALHOUSIE.**

Latitude..... 16° 7' 00" N.
Longitude..... 94° 27' 00" E.

1st.—Vessels, of 14 feet draft and upwards, should, on no account, attempt the passage to the Westward of Negrais Island.

2nd.—Vessels coming from the Southward should bring Diamond Island to bear North-West then steer for it until the Fairway Buoy is visible, which is situated 1½ mile North-East of the Island. Steer North North-East from this Buoy until Black Buoy bears East, then North-East by North.

3rd.—Vessels entering from the Westward, in Latitude North of Diamond Island, should bring it to bear South-East, steer in for it until the Fairway Buoy is made, then proceed as above directed for vessels entering from the Southward. This passage, however, should be attempted by sailing vessels only in the North-East Monsoon.

4th.—Vessels unable from stress of weather to distinguish the different marks, should anchor under Diamond Island where good anchorage and smooth water is to be found.

Lieutenant Ward's Chart of the Bassin River is an excellent guide, and vessels provided with them scarcely need Pilots.

The following Buoys are now laid for the guidance of Commanders and Masters:—

A first class Red Buoy marks the extreme South end of the Orestes Shoal.

A first class Red Buoy marks the Eastern limit of the Orestes Shoal.

A first class Black Buoy marks the extreme edge of the Shoal extending from Porian shore.

A first class Red Buoy, marked Fairway, in white letters, is placed 1½ mile North-East of Diamond Island.

N. B.—The Shoal extending South of Negrais Island is now called the Orestes Shoal, and that extending from the Porian shore Westward the Porian.

MEMO.

THE following revised Directions for approaching the Sandheads are published for general information.

By order of the Offg. Supdt. of Marine,

H. HOWE,
FORT WILLIAM,
The 15th September 1856. Secretary.

DIRECTIONS

APPROACHING THE SANDHEADS IN BOTH MONSOONS.

THE SOUTH-WEST MONSOON.

THE South-West Monsoon may be considered to commence on the 15th March, on which date the Pilot Vessels take up their station near the Buoy on the Pilot's Ridge as described below. The South-West Monsoon is over by the end of September.

2nd. False Point Light House is in latitude $20^{\circ} 19\frac{1}{2}'$ North and longitude $86^{\circ} 47'$ East, and a Buoy is placed in $21\frac{1}{2}$ fathoms on the Pilot's Ridge, in latitude $20^{\circ} 49\frac{1}{2}'$ North and longitude $87^{\circ} 42'$ East, the Buoy therefore bears from False Point Light House North $59^{\circ} 49'$ East, true, and distant $59\frac{1}{2}$ miles.

3rd. A Vessel, therefore, after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms), should bring it to bear about West-South-West 10 or 15 miles distant, when she will be in 11 or 12 fathoms; then steer East-North-Eastward when the soundings will gradually increase to 23 fathoms on the Eastern edge of the Pilot's Ridge; she should then regulate her course so as to keep between the Ridge and 27 fathoms, when, by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruising ground is immediately to the North-East of the Light Vessel stationed during the South-West Monsoon in close proximity to the Buoy on the Ridge.

4th. The soundings to seaward of the Pilot's Ridge are, in general, a greenish or olive-colored mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

5th. Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and, on making the former at night, they are strongly recommended to leave to, at a proper distance, till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

6th. The Eastern Channel Light Vessel is in latitude $21^{\circ} 04'$ North and longitude $88\frac{1}{2}^{\circ} 14'$ East, and therefore bears from the Buoy on the Pilot's Ridge, North $63^{\circ} 26'$ East, true; and distant $32\frac{1}{2}$ miles. The Eastern Channel Light Vessel, from the 15th March to the 15th September, burns a blue light every half hour and a maroon every quarter hour during the night, commencing at 7 P. M.; and her standing light is a plain light.

7th. The Pilot's Ridge Light Vessel shows from the 15th March to the 15th of September a plain standing light, and burns a blue light every hour and a maroon at the intermediate half hours.

8th. It is important to observe the difference as to the blue lights and maroons shown by the Eastern Channel and the Ridge Light respectively, as, if this is attended to, a Vessel, out in her reckoning, or uncertain of her position, cannot possibly mistake one for the other.

THE NORTH-EAST MONSOON.

9th. This Monsoon, which constitutes the fine season in the Head of the Bay of Bengal, is considered to commence in October and end in the beginning of March. During this season the Pilot Station is about the outer Floating Light situated in the Eastern Channel as above, and Vessels coming in should make directly for that mark. The Pilot Vessels cruise in the day time spreading East and West of, sometimes a little to the Southward of the Light Vessel, and at night anchor in positions not far from her. At this season she shows a maroon or torch-light every half hour and a blue light every hour.

Legislative Council.

The 22nd November 1856.

THE following Act, passed by the Legislative Council, received the assent of the Right Hon'ble the Governor General on the 14th November 1856, and is hereby promulgated for general information:—

ACT No. XX of 1856.

An Act to make better provision for the appointment and maintenance of Police Chowkeydars in Cities, Towns, Stations, Suburbs, and Bazaars in the Presidency of Fort William in Bengal.

WHEREAS it is expedient to make better provision for the appointment and maintenance of Police Chowkeydars in cities, towns, stations, suburbs, and bazaars in the Presidency of Fort William in Bengal, It is enacted as follows:—

I. Regulation XXII. 1816, Regulation VII. 1817, Section VI Regulation III. 1821, and Section IV Regulation II. 1832, of the Bengal Code, and Act XV of 1837, are hereby repealed, except as to any act which shall have been done, or any liability which shall have been incurred, before the passing of this Act. Provided that the monthly assessment levied, under Regulation XXII. 1816, and Act XV of 1837, in any city or station at the time of the passing of this Act, shall continue to be levied until the same shall be revised and altered under the provisions of this Act.

Existing assessment to continue to be levied until revised according to this Act.

II. The provisions of this Act shall have effect in the cities and stations in which the said Regulation XXII. 1816, has heretofore been in force, and in every other city, station,

town, suburb, and bazaar in the said Presidency to which the Local Government at any time may extend the same by Notification in the Official Gazette. Provided always, that

Provided.

this Act shall not be extended to any city, town, suburb, or bazaar, unless there be therein (or in some other city, town, suburb, or bazaar with which the same may be united as hereinafter provided) a Police Station under an officer of a grade not below that of Jemadar, nor to any agricultural village.

III. The Government may, by Notification to Unions may be published in the Official Gazette, unite, for the purposes of this Act, any city, town, suburb, station, or bazaar, or any part or parts of a city, town, suburb, station, or bazaar, with any other city, town, suburb, station, or bazaar, or part or parts of a city, town, suburb, station, or bazaar; and in such case all the provisions of this Act applicable to a city, town, suburb, station, or bazaar shall apply to such union.

IV. For the purposes of this Act the Local Government may define and declare the limits of any city, town, suburb, station, bazaar, or union, and all occupiers of houses within any such city, town, suburb, station, bazaar, or union as aforesaid, or within such limits as shall be so defined as aforesaid, shall be liable to be assessed or rated according to the provisions of this Act for the purpose of maintaining the Chowkeydars appointed to be maintained in such city, town, station, suburb, bazaar, or union.

V. If any house be let out in portions to different persons, or be let out to or occupied by lodgers or travellers, the person who shall so let the same, or who shall receive the rents or payments from such persons or lodgers or travel-

Government may define limits of cities, towns, &c. Houses let to lodgers how to be assessed.

To what places the Act shall apply.

lers, shall, for the purposes of this Act, be deemed to be the occupier of such house.

VI. The Magistrate may cause a name to be given to any street and affixed in such place or places as he may think fit, and may also cause a number to be affixed to every house in any street or mohalla for the purpose of identifying such house; and if any person shall wilfully remove, obliterate, or destroy such name or number, he shall be liable, on conviction by a Magistrate, to a fine not exceeding twenty Rupees.

VII. The Magistrate shall determine the number of Chowkeydars to be maintained in any city, town, or other such place as aforesaid; but the number of Chowkeydars so to be maintained shall not exceed one to every twenty-five houses.

VIII. The Chowkeydars appointed under this Act may be of different grades, and the wages to be paid to the several grades shall be determined by the Magistrate.

IX. The Magistrate shall determine the total amount required to be raised in any year in any city, town, or other such place as aforesaid, for the purpose of maintaining the Chowkeydars appointed to be maintained therein, and for the purposes specified in Sections XXXIII, XXXIV, XXXV, and XXXVI of this Act, together with such sum as the Magistrate may consider necessary to provide against the contingency of losses from defaulters in the current year, and the amount of losses, if any, actually sustained from defaulters in the preceding year.

X. The tax to be levied in any city, town, or other place as aforesaid, for the purposes of this Act, may be either an assessment according to the circumstances and the property to be protected of the persons liable to the same, or a rate on houses and grounds according to the annual value thereof. The Local Government, on the report of the Magistrate and Commissioner of Circuit, shall determine in each case whether the tax to be levied shall be such assessment or such rate.

XI. If the tax be an assessment according to the circumstances and the property to be protected of the persons liable to the same, the aggregate sum to be raised by such tax shall not exceed the average rate of two annas per mensem for each house, and the amount assessed in respect to any one house shall not be more than the pay of a Chowkeydar of the lowest grade. If the tax be a rate on houses and grounds, it shall not exceed five per centum of the annual value thereof.

XII. For the purpose of making a rate under this Act, the annual value of the houses and grounds liable to the rate shall be computed and ascertained upon an estimate of the gross annual rent at which the same might reasonably be expected to let from year to year. Grounds used for purposes of trade shall be liable to the rate, but grounds used for the purpose of cultivation or for depasturing cattle shall not be liable.

XIII. The Magistrate may, at his discretion, exempt occupiers unable to pay the assessment or rate, or may relieve from the payment of his assessment or rate, any occupier who may be unable from poverty to pay the same.

XIV. For the purposes hereinafter mentioned the Magistrate shall constitute and appoint a punchayet for each such city, town, or other place as aforesaid, or, when he may see fit to divide any such city, town, or place into convenient divisions, for each division thereof, and shall issue a summons of appointment, specifying the names, residence, business, or other description of the persons appointed and the period for which the appointment is made. Every punchayet shall consist of three or five respectable persons residing or carrying on business in or near to any such city, town, or other place, or in or near to any such division thereof. Provided that, instead of any one such person, the Magistrate may appoint any person whom he may think fit to be a member of the punchayet, notwithstanding such person may not reside or carry on business in or near to such city, town, or other place, or in or near to any such division thereof.

XV. The punchayet so appointed, or the majority of them, shall, once in every year, if required so to do by the Magistrate, prepare and make, in accordance with the rules laid down in the requisition, an assessment or rate upon the several persons liable to be assessed or rated in respect of their occupation of property within the district (whether city, town, or other place as aforesaid, or any division thereof) for which the punchayet shall be appointed, and shall enter the same in a list which shall specify the names of the several occupiers of property within the district liable to be assessed or rated under the provisions of this Act, the trade, business, or other description of such occupier, the property occupied, and the amount payable monthly by such occupier. If the tax be a rate on the annual value of the property occupied, such annual value and the total amount of the annual rate shall also be specified. The requisition of the

Magistrate to the punchayet to make out such list shall be in the form marked A. or B., as the case may be, set forth in the Appendix to this Act annexed, or to the like effect.

XVI. The punchayet shall, if required by the Magistrate so to do, instead of making a new assessment or rate, revise and amend the assessment or rate then in force.

XVII. When an assessment or rate shall have been made or revised, as the case may be, the punchayet shall forward to the Magistrate the list containing the same; and the Magistrate shall revise, and, if necessary, amend and settle it.

XVIII. When the assessment or rate shall have been settled, the Magistrate shall sign the list, and shall cause one copy thereof, together with a Notification prepared according to the form marked C. in the Appendix to this Act,

XIX. Unless revised or corrected as hereinafter provided, every assessment or rate under this Act shall stand good for one whole year, and until a new one is made, and in case

Change of occupation before a new assessment of rate, the new occupier shall be liable in respect

of such property for any portion of the assessment or rate which shall have become payable during his occupation instead of the former occupier thereof; and after notification to such person, the Magistrate may cause his name to be substituted in the said list for the name of the former occupier. Every assessment or rate which shall be revised

Revised assessment or rate to be deemed a new one.

Proviso. according to the provisions of Section XVI shall be deemed a new assessment or rate. Provided always, that, if no new assessment or rate is made within the first three months of any year, the list of the previous year shall be re-published according to the provisions of Section XVIII, and shall thereupon be deemed to be the assessment or rate for the current year, and shall be open to appeal under the next succeeding Section.

XX. Any person assessed or rated, who shall be dissatisfied with his assessment or rate, or who shall dispute his occupation of any property or his liability to be assessed or rated, may appeal on unstamped paper to the Magistrate, and the Magistrate, after making such inquiries as he deems necessary, by examination of the appellant on oath or solemn affirmation, or otherwise, may confirm the assessment or rate or amend the same. In case the Magistrate confirm the assessment or rate, he may award costs against the appellant. The decision of the Magistrate in such cases shall be final, and no objection shall be taken to any assessment or rate, nor shall the liability of any person to be assessed or rated be questioned in any other manner or by any other Court. Provided

Limitation of appeal. that no appeal shall be received after the expiration of one month from the time of the notification of the assessment or rate prescribed by Section XVIII, or of the notification of the substitution of the name of an occupier under Section XIX, unless the Magistrate, upon reasonable cause shown, shall extend the time for receiving such appeal.

XXI. The Commissioner of Circuit, with the consent of the Local Government, may at any time direct the Magistrate to revise the assessment or rate of any city, town, or other place as aforesaid, specifying the reasons which, in his opinion, render such revision necessary, and the Magistrate shall, according to such direction, revise and, if necessary, amend the same.

XXII. The Magistrate may require the punchayet to revise the assessment or rate at any period during the year; but on every such occasion he shall address a written order to the punchayet, specifying the reasons which render such revision necessary, and requiring an amended return within a stated period.

XXIII. Whenever any assessment or rate is revised during the year, as provided in the two last preceding Sections, a revised list, together with a Notification as prescribed in Section XVIII, shall be prepared and published in the manner therein directed. And all objections to such revised assessment or rate shall be made and dealt with in the manner prescribed in Section XX.

XXIV. If any person appointed a member of a punchayet refuse to undertake the office, or omit to perform the duties thereof, and do not, within fifteen days from the date of his appointment, show satisfactory grounds for his refusal or omission, or provide such a substitute as the Magistrate approves, the Magistrate may fine such person in a sum not exceeding fifty Rupees.

XXV. If the persons appointed a punchayet, or a majority of them, refuse, or omit, for a period of fifteen days after the receipt of an order from the Magistrate, to perform the duties required of them, the Magistrate may himself make or revise the assessment or rate, and may enforce the same as if it had been made or revised in the first instance by the punchayet. Provided that the functions of the punchayet shall not thereby absolutely cease and determine, but may be resumed at any time, only not so as to invalidate any act done by the Magistrate under this Section.

XXVI. No person shall be bound to act on a punchayet unless he shall reside or carry on business within the limits of the district for which the punchayet is to be appointed.

XXVII. Every punchayet shall be appointed for the period of one year, and no person shall be compelled to serve on a punchayet for more than one year at a time, or within less than three years after the expiry of previous service; but nothing in this Section shall prevent any person from being appointed to serve on a punchayet at any time whatsoever with his own consent.

XXVIII. If a majority of the persons assessed or rated in any district for which a punchayet shall be appointed, not being in arrear, make application in writing to the Magistrate for the removal of any member of the punchayet appointed for such district, the Magistrate, if he think it expedient, may remove such member from the punchayet.

XXIX. If any vacancy shall occur among the members of a punchayet, or if any member appointed shall refuse or decline or be unable to act, the Magistrate may nominate and appoint another person to supply the

vacancy or to act in the stead of such member, subject to the rules already laid down as to the original appointment of members; but such appointment may be made by a written communication to the person appointed, and it shall not be necessary to issue a new sunnud under Section XIV of this Act.

XXX. The punchayet shall give notice to the Magistrate of any neglect or misconduct on the part of any Chowkeydar within the district for which they are appointed which shall come to their knowledge; and shall also give notice of any vacancy which shall occur in consequence of the death or absence of any Chowkeydar or from any other cause.

XXXI. In cities and large towns containing three or more divisions or districts, the Magistrate may appoint a sudder punchayet consisting of not less than five members, who may be selected either from the members of the local punchayets or from any other residents of the city or town. It shall be the duty of the sudder punchayet to assist the Magistrate, when required so to do, in carrying out generally the objects of this Act, and particularly in revising the assessment or rate made by the district punchayets and enquiring into and reporting on appeals preferred against the same.

XXXII. The Chowkeydars to be employed under this Act shall be appointed by the Magistrate, and the Magistrate shall cause to be kept a Register in which shall be entered the name, age, place of residence, and previous occupation of every person so appointed, with the date of his appointment.

XXXIII. Subject to the approval of the Commissioner of Circuit, the Magistrate may appoint such number of Jemadars and Inspectors as may be necessary for the supervision and control of the Chowkeydars. Provided that the number of these officers shall not be greater than one Jemadar to fifteen Chowkeydars, and one Inspector to sixty Chowkeydars.

XXXIV. Subject to the approval of the Commissioner of Circuit, the Magistrate may appoint one or more Tax Collectors or Darogahs and such other servants as may be necessary for preparing, or assisting the punchayet in preparing, the assessment or rate, for copying the same, for collecting the tax, keeping the accounts and records, and otherwise carrying out the purposes of this Act. The Magistrate shall take from every Tax Collector or Darogah such security for the due disposal of the sums collected by him as may be thought necessary.

XXXV. The Magistrate may further incur any reasonable expense in the purchase of stationery, in providing badges, dresses, and weapons for the Chowkeydars and for any other contingencies that may seem to him necessary.

XXXVI. After paying the wages of the Chowkeydars, and defraying the charges specified in the three last preceding Sections of this Act, the Magistrate may, with the sanction of the Commissioner of Circuit, ap-

propriate any sum which may be available, to the purpose of cleansing the city, town, or place, or of lighting or otherwise improving the same.

XXXVII. The Tax-Darogahs shall prepare, from the lists heretofore mentioned, a Register, which shall be attested by the Magistrate or his Deputy or Assistant, and shall contain the names of all persons assessed or rated so far as they can be ascertained, the property in respect of which the assessment or rate in each case is imposed, and the amount payable monthly by each person.

XXXVIII. On the tenth of each calendar month, or so soon after as possible, the Tax-Darogah shall proceed in person or through some one of his office establishment, to collect the amount due for the current month from each person subject to the tax; and for all sums so collected, the Darogah shall grant a receipt. Provided that, with the sanction of the Commissioner of Circuit previously obtained, the collection may be made quarterly instead of monthly; and in such case, the amount due for each quarter shall be collected in the last month of that quarter.

XXXIX. The Tax-Darogah shall remit to the Magistrate, in such manner as the Magistrate shall direct, all sums of money collected either by himself or by any one of his establishment, and the Magistrate, or some officer of his establishment authorized on that behalf, shall give the Darogah a receipt for every sum of money so remitted. The Magistrate shall also cause all such sums of money to be credited to a separate Fund, to be called the Chowkeydars Fund of the city, town, or place in or on account of which they are collected.

XL. The Tax-Darogah shall prepare all summonses and processes to be issued against defaulters, and shall make the usual return thereto, and shall keep a regular account of all distresses levied and sales made by him for the realization of arrears.

XLI. On the 20th of each calendar month or as soon after as possible, the Tax-Darogah shall deliver or transmit to the Magistrate, in one list, a statement of all defaulters, the property in respect to which they are assessed or rated, the amount of the monthly assessment or rate, and the amount due from each.

XLII. On receipt of the aforesaid list, the Magistrate shall issue a summons against each of the defaulters therein mentioned, requiring him either to pay the demand or to attend at the Cutcherry of the Magistrate within a reasonable time, to be specified in the summons, to show cause for his refusal.

XLIII. If any defaulter fail to appear in answer to the summons, or having appeared, fail to satisfy the Magistrate that no arrear is due from him, the Magistrate may issue a warrant to the Tax-Darogah, authorizing him to levy the whole or any part of the demand by distress and sale of any goods and chattels belonging to the defaulter, or being at any time upon the premises in respect of which

7. No tender of money, Sub-Treasurer's receipts or public Securities on account of Opium upon which the prescribed deposit may not have been made before 4 o'clock of the 17th January will be afterwards accepted.

8. The Opium now advertized for Sale shall be paid for within 15 clear days from the day of Sale, that is to say, no Treasury receipt will be accepted in payment after 4 P. M. of Tuesday, the 27th January 1857, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit of 25 per cent. even money of the amount for which each lot is knocked down, or Rupees 1,000 for each lot, or any public Securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale and the amount

at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9. Purchasers taking out Certificates or Orders for the delivery of Opium after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase which they may desire to be included in each Certificate or Order, and it is to be clearly understood, that the Certificates or Orders so taken out shall be considered final, and not afterwards changeable for other Certificates or Orders authorizing the delivery of single lots or of a different number of lots or chests whether more or less than the number of lots or chests originally required to be included in each Certificate or Order.

10. No Sub-Treasurer's receipts or deposit of public Securities under the fifth of the present Conditions will be received in this Office except from the party recorded as the purchaser in the Sale Book or his authorized Agent. The receipt for deposit of public Securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

11. The Officer superintending the Sale on the part of the Board of Revenue is empowered to reject at his discretion the bid of any individual unless such individual shall, on demand, tender at the time a deposit either in Bank of Bengal Notes, Sub-Treasurer's receipts or other Government Securities equal to 25 per cent. even money of the amount so bid, or Rupees 1,000 for each lot.

12. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government superintending the Sale shall be competent at any time during the Sale to withdraw any unsold lot and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained; and the first *bona fide* bidder for a lot after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot; and the Officer of Government superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided, always, that no lots shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, any number of lots of the same Agency. Opium to the extent of twenty-five lots and for the lots so purchased, the purchaser shall deposit for each lot 25 per cent. even money of the amount bid by him for the first lot, or Rupees 1,000 for each lot, and pay the same price per chest as that for which he purchased his first lot, provided, always, that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Pleas and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15. The following papers together with samples of the Opium for sale will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Junior Secretary to the Board of Revenue:—

No. 2.—Report of the Examination of such Opium.

16. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1855-56, the same precautions have been taken as those which have been observed during past years, to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An Account of the weight of the drug when packed at Behar and Benares, and a Statement of the average weight of the Chests indiscriminately taken for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on application at the Office of the Junior Secretary to the Board of Revenue; and further that four chests of Behar and Benares Opium which have been reserved from the provision of the two preceding years, will be also shown to the purchasers at the Exchange Rooms on the day of Sale, to enable them to judge of the state of preservation in which the drug has kept.

17. Any further information respecting weight or quality of the Opium advertised for Sale that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Revenue, but in accordance with established usage; under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug which may be preferred on reference to Chests after the Sale and delivery of the Opium for shipment.

18. The public are hereby informed that in addition to the quantity above-mentioned, the following quantities, more or less, of Behar and Benares Opium of 1855-56, will be brought to Sale in the year 1857, on or about the dates specified below. Article 6th.—“ With regard to the trade in Opium, it is agreed between the high contracting parties that at each of the periodical Sales of that article, there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of Chests so applied for, provided that such supply shall not exceed Three hundred Chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical Sale, it being understood that if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much on reduction of the Three hundred Chests herein before mentioned. The requisitions for Opium as aforesaid are to be addressed to the Governor General at Calcutta, within thirty days after Notice of the intended Sales shall have been published in the *Government Gazette*.”

Madras Exhibition of 1857.**NOTIFICATION.**

THE Right Honorable the President and Members of the Committee for the Madras Exhibition of 1857 have the honor to announce, that Articles from all Countries will be admitted to the Madras Exhibition, to be held in the beginning of 1857, and be allowed to compete for Prizes; but, with a view to promote the good of this Country, it is hereby notified that Money Prizes, Medals, &c. will only be given for Articles capable of being applied in the Arts and Manufactures of India, or calculated to be of use to its people.

It will be necessary that each Local Committee attend to the following points:—Each Article sent for Exhibition must be (1) distinctly labelled, and the label must (2) set forth the district or locality from which the Article is sent; (3) the name of the Exhibitor; and (4) the price of the Article. Each Local Committee will also state in their Invoice List, how each article they send is to be disposed of at the close of the Exhibition, in the event of its not having been sold for the price put upon it by the Exhibitor.

The several Local Committees will consider themselves at liberty to add to their numbers such influential Natives of their District as they may consider likely to aid them in promoting the objects in view.

It would greatly facilitate the accurate performance of the duties of the General Committee if the Local Committees and the Exhibitors when addressing communications on the subject of the Exhibition would adhere to the official form of communication; or, in case of the non-official or private form being adopted, if they would so mark the letter, or such portions of it, in case of the letter being of a mixed nature, as may be intended to be private or non-official.

MEMO.

THE following revised Directions for approaching the Sandheads are published for general information.

By order of the Offg. Supdt. of Marine,

H. HOWE,

Secretary.

FORT WILLIAM, }
The 15th September 1856. }

DIRECTIONS

FOR

APPROACHING THE SANDHEADS IN BOTH
MONSOONS

THE SOUTH-WEST MONSOON.

THE South-West Monsoon may be considered to commence on the 15th March, on which date the Pilot Vessels take up their station near the Buoy on the Pilot's Ridge as described below. The South-West Monsoon is over by the end of September.

2nd. False Point Light House is in latitude $20^{\circ} 19\frac{1}{2}'$ North and longitude $86^{\circ} 47'$ East, and a Buoy is placed in $21\frac{1}{2}$ fathoms on the Pilot's Ridge, in latitude $20^{\circ} 49\frac{1}{2}'$ North and longitude $87^{\circ} 42'$ East, the Buoy therefore bears from False Point Light House North $59^{\circ} 49'$ East, true, and distant $59\frac{1}{2}$ miles.

3rd. A Vessel, therefore, after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms), should bring it to bear about West-South-West 10 or 15 miles distant, when she will be in 11 or 12 fathoms; then steer East-North-Eastward when the soundings will gradually increase to 23 fathoms on the Eastern edge of the Pilot's Ridge; she should then regulate her course so as to keep between the Ridge and 27 fathoms, when, by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruising ground is immediately to the North-East of the Light Vessel stationed during the South-West Monsoon in close proximity to the Buoy on the Ridge.

4th. The soundings to seaward of the Pilot's Ridge are, in general, a greenish or olive-colored mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

5th. Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and, on making the former at night, they are strongly recommended to heave to, at a proper distance, till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

6th. The Eastern Channel Light Vessel is in latitude $21^{\circ} 04'$ North and longitude $88\frac{1}{2}^{\circ} 14'$ East, and therefore bears from the Buoy on the Pilot's Ridge, North $63^{\circ} 26'$ East, true; and distant 32 $\frac{1}{2}$ miles. The Eastern Channel Light Vessel, from the 15th March to the 15th September, burns a blue light every half hour and a maroon every quarter hour during the night, commencing at 7 P. M.; and her standing light is a plain light.

7th. The Pilot's Ridge Light Vessel shows from the 15th March to the 15th of September a plain standing light, and burns a blue light every hour and a maroon at the intermediate half hours.

8th. It is important to observe the difference as to the blue lights and maroons shown by the Eastern Channel and the Ridge Light respectively, as, if this is attended to, a Vessel, out in her reckoning, or uncertain of her position, cannot possibly mistake one for the other.

THE NORTH-EAST MONSOON.

9th. This Monsoon, which constitutes the fine season in the Head of the Bay of Bengal, is considered to commence in October and end in the beginning of March. During this season the Pilot Station is about the outer Floating Light situated in the Eastern Channel as above, and Vessels coming in should make directly for that mark. The Pilot Vessels cruise in the day time spreading East and West of, sometimes a little to the Southward of the Light Vessel, and at night anchor in positions not far from her. At this season she shows a maroon or torch-light every half hour and a blue light every hour.

WEDNESDAY, DECEMBER 3, 1856.

Legislative Council.

The 22nd November 1856.

THE following Act, passed by the Legislative Council, received the assent of the Right Hon'ble the Governor General on the 14th November 1856, and is hereby promulgated for general information:—

ACT No. XX OF 1856.

An Act to make better provision for the appointment and maintenance of Police Chowkeydars in Cities, Towns, Stations, Suburbs, and Bazaars in the Presidency of Fort William in Bengal.

WHEREAS it is expedient to make better provision for the appointment and maintenance of Police Chowkeydars in cities, towns, stations, suburbs, and bazaars in the Presidency of Fort William in Bengal, It is enacted as follows:—

I. Regulation XXII. 1816, Regulation VII. 1817, Section VI Regulation III. 1821, and Section IV Regulation II. 1832, of the Bengal Code, and Act XV of 1837, are hereby repealed, except as to any act which shall have been done, or any liability which shall have been incurred, before the passing of this Act. Provided that the monthly assessment levied, under Regulation XXII. 1816, and Act XV of 1837, in any city or station at the time of the passing of this Act, shall continue to be levied until the same shall be revised and altered under the provisions of this Act.

II. The provisions of this Act shall have effect in the cities and stations in which the said Regulation XXII. 1816 has heretofore been in force, and in every other city, station,

town, suburb, and bazaar in the said Presidency to which the Local Government at any time may extend the same by Notification in the Official Gazette. Provided always, that this Act shall not be extended to any city, town, suburb, or bazaar, unless there be therein (or in some other city, town, suburb, or bazaar with which the same may be united as hereinafter provided) a Police Station under an officer of a grade not below that of Jemadar, nor to any agricultural village.

III. The Government may, by Notification to be published in the Official Gazette, unite, for the purposes of this Act, any city, town, suburb, station, or bazaar, or any part or parts of a city, town, suburb, station, or bazaar, with any other city, town, suburb, station, or bazaar, or part or parts of a city, town, suburb, station, or bazaar; and in such case all the provisions of this Act applicable to a city, town, suburb, station, or bazaar shall apply to such union.

IV. For the purposes of this Act the Local Government may define and declare the limits of any city, town, suburb, station, bazaar, or union, and all occupiers of houses within any such city, town, suburb, station, bazaar, or union as aforesaid, or within such limits as shall be so defined as aforesaid, shall be liable to be assessed or rated according to the provisions of this Act for the purpose of maintaining the Chowkeydars appointed to be maintained in such city, town, station, suburb, bazaar, or union.

V. If any house be let out in portions to different persons, or be let out to or occupied by lodgers or travellers, the person who shall so let the same, or who shall receive the rents or payments from such persons, or lodgers or travel-

less, shall, for the purposes of this Act, be deemed to be the occupier of such house.

VI. The Magistrate may cause a name to be given to any street and affixed in such place or places as he may think fit, and may also cause a number to be affixed to every house in any street or mohalla for the purpose of identifying such house; and if any person shall wilfully remove, obliterate, or destroy such name or number, he shall be liable, on conviction by a Magistrate, to a fine not exceeding twenty Rupees.

VII. The Magistrate shall determine the number of Chowkeydars to be maintained in any city, town, or other such place as aforesaid; but the number of Chowkeydars so to be maintained shall not exceed one to every twenty-five houses.

VIII. The Chowkeydars appointed under this Act may be of different grades, and the wages to be paid to the several grades shall be determined by the Magistrate.

IX. The Magistrate shall determine the total amount required to be raised in any year in any city, town, or other such place as aforesaid, for the purpose of maintaining the Chowkeydars appointed to be maintained therein, and for the purposes specified in Sections XXXIII, XXXIV, XXXV, and XXXVI of this Act, together with such sum as the Magistrate may consider necessary to provide against the contingency of losses from defaulters in the current year, and the amount of losses, if any, actually sustained from defaulters in the preceding year.

X. The tax to be levied in any city, town, or other place as aforesaid, for the purposes of this Act, may be either an assessment according to the circumstances and the property to be protected of the persons liable to the same, or a rate on houses and grounds according to the annual value thereof. The Local Government, on the report of the Magistrate and Commissioner of Circuit, shall determine in each case whether the tax to be levied shall be such assessment or such rate.

XI. If the tax be an assessment according to the circumstances and the property to be protected of the persons liable to the same, the aggregate sum to be raised by such tax shall not exceed the average rate of two annas per mensem for each house, and the amount assessed in respect to any one house shall not be more than the pay of a Chowkeydar of the lowest grade. If the tax be a rate on houses and grounds, it shall not exceed five per centum of the annual value thereof.

XII. For the purpose of making a rate under this Act, the annual value of the houses and grounds liable to the rate shall be computed and ascertained upon an estimate of the gross annual rent at which the same might reasonably be expected to let from year to year. Grounds used for purposes of trade shall be liable to the rate, but grounds used for the purpose of cultivation or for depasturing cattle shall not be liable.

XIII. The Magistrate may, at his discretion, exempt from the assessment or rate, or may relieve from the payment of his assessment or rate, any occupier who may be unable from poverty to pay the same.

XIV. For the purposes hereinafter mentioned the Magistrate shall constitute and appoint a punchayet for each such city, town, or other place as aforesaid, or, when he may see fit to divide any such city, town, or place into convenient divisions, for each division thereof, and shall issue a sunnud of appointment, specifying the names, residences, business, or other description of the persons appointed and the period for which the appointment is made. Every punchayet shall consist of three or five respectable persons residing or carrying on business in or near to any such city, town, or other place, or in or near to any such division thereof. Provided that, instead of any one such person, the Magistrate may appoint any person whom he may think fit to be a member of the punchayet, notwithstanding such person may not reside or carry on business in or near to such city, town, or other place, or in or near to any such division thereof.

XV. The punchayet so appointed, or the majority of them, shall, once in every year, if required so to do by the Magistrate, prepare and make, in accordance with the rules laid down in the requisition, an assessment or rate upon the several persons liable to be assessed or rated in respect of their occupation of property within the district (whether city, town, or other place as aforesaid, or any division thereof) for which the punchayet shall be appointed, and shall enter the same in a list which shall specify the names of the several occupiers of property within the district liable to be assessed or rated under the provisions of this Act, the trade, business, or other description of such occupier, the property occupied, and the amount payable monthly by such occupier. If the tax be a rate on the annual value of the property occupied, such annual value and the total amount of the annual rate shall also be specified. The requisition of the Magistrate to the punchayet to make out such list shall be in the form marked A. or B., as the case may be, set forth in the Appendix to this Act annexed, or to the like effect.

XVI. The punchayet shall, if required by the Magistrate so to do, instead of making a new assessment or rate, revise and amend the assessment or rate then in force.

XVII. When an assessment or rate shall have been made or revised, as the case may be, the punchayet shall forward to the Magistrate the list containing the same; and the Magistrate shall revise, and, if necessary, amend and settle it.

XVIII. When the assessment or rate shall have been settled, the Magistrate shall sign the list, and shall cause one copy thereof, together with a Notification prepared according to the form marked C. in the Appendix to this Act,

the occupier of any property included in any assessment or rate shall be changed before a new one is made, the new occupier shall be liable in respect of such property for any portion of the assessment or rate which shall have become payable during his occupation instead of the former occupier thereof; and after notification to such person, the Magistrate may cause his name to be substituted in the said list for the name of the former occupier. Every assessment or rate which shall be revised according to the provisions of Section XVI shall be deemed a new assessment or rate. Provided always, that, if no new assessment or rate is made within the first three months of any year, the list of the previous year shall be re-published according to the provisions of Section XVIII, and shall thereupon be deemed to be the assessment or rate for the current year, and shall be open to appeal under the next succeeding Section.

XX. Any person assessed or rated, who shall be dissatisfied with his assessment or rate, or who shall dispute his occupation of any property or his liability to be assessed or rated, may appeal on unstamped paper to the Magistrate, and the Magistrate, after making such inquiries as he deems necessary, by examination of the appellant on oath or solemn affirmation, or otherwise, may confirm the assessment or rate or amend the same. In case the Magistrate confirm the assessment or rate, he may award costs against the appellant. The decision of the Magistrate in such cases shall be final, and no objection shall be taken to any assessment or rate, nor shall the liability of any person to be assessed or rated be questioned in any other manner or by any other Court. Provided

that no appeal shall be received after the expiration of one month from the time of the notification of the assessment or rate prescribed by Section XVIII, or of the notification of the substitution of the name of an occupier under Section XIX, unless the Magistrate, upon reasonable cause shown, shall extend the time for receiving such appeal.

XXI. The Commissioner of Circuit, with the consent of the Local Government, may at any time direct the Magistrate to revise the assessment or rate of any city, town, or other place as aforesaid, specifying the reasons which, in his opinion, render such revision necessary, and the Magistrate shall, according to such direction, revise and, if necessary, amend the same.

Commissioner of Circuit may direct revision of assessment or rate.

XXII. The Magistrate may require the punchayet to revise the assessment or rate at any period during the year; but on every such occasion he shall address a written order to the punchayet, specifying the reasons which render such revision necessary, and requiring an amended return within a stated period.

XXIII. Whenever any assessment or rate is revised during the year, as provided in the two last preceding Sections, a revised list, together with a Notification as prescribed in Section XVIII, shall be prepared and published in the manner therein directed. And all objections to such revised assessment or rate shall be made and dealt with in the manner prescribed in Section XX.

XXIV. If any person appointed a member of a punchayet refuse to undertake the office, or omit to perform the duties thereof, and do not, within fifteen days from the date of his appointment, show satisfactory grounds for his refusal or omission, or provide such a substitute as the Magistrate approves, the Magistrate may fine such person in a sum not exceeding fifty Rupees.

XXV. If the persons appointed a punchayet, or a majority of them, refuse, or omit for a period of fifteen days after the receipt of an order from the Magistrate, to perform the duties required of them, the Magistrate may himself make or revise the assessment or rate, and may enforce the same as if it had been made or revised in the first instance by the punchayet. Provided that the functions of the punchayet shall not thereby absolutely cease and determine, but may be resumed at any time, only not so as to invalidate any act done by the Magistrate under this Section.

XXVI. No person shall be bound to act on a punchayet unless he shall reside or carry on business within the limits of the district for which the punchayet is to be appointed.

XXVII. Every punchayet shall be appointed for the period of one year, and no person shall be compelled to serve on a punchayet for more than one year at a time, or within less than three years after the expiry of previous service; but nothing in this Section shall prevent any person from being appointed to serve on a punchayet at any time whatsoever with his own consent.

XXVIII. If a majority of the persons assessed or rated in any district for which a punchayet shall be appointed, not being in arrears, make application in writing to the Magistrate for the removal of any member of the punchayet appointed for such district, the Magistrate, if he think it expedient, may remove such member from the punchayet.

XXIX. If any vacancy shall occur among the members of a punchayet, or if any member appointed shall refuse or decline or be unable to act, the Magistrate may nominate and appoint another person to supply the

vacancy or to act in the stead of such member, subject to the rules already laid down as to the original appointment of members; but such appointment may be made by a written communication to the person appointed, and it shall not be necessary to issue a new summons under Section XIV of this Act.

XXX. The punchayet shall give notice to the Magistrate of any neglect or misconduct on the part of any Chowkeydar within the district for which they are appointed which shall come to their knowledge; and shall also give notice of any vacancy which shall occur in consequence of the death or absence of any Chowkeydar or from any other cause.

XXXI. In cities and large towns containing three or more divisions or districts the Magistrate may appoint a sudder punchayet consisting of not less than five members, who may be selected either from the members of the local punchayets or from any other residents of the city or town. It shall be the duty of the sudder punchayet to assist the Magistrate, when required so to do, in carrying out generally the objects of this Act, and particularly in revising the assessment or rate made by the district punchayets and enquiring into and reporting on appeals preferred against the same.

XXXII. The Chowkeydars to be employed under this Act shall be appointed by the Magistrate, and the Magistrate shall cause to be kept a Register in which shall be entered the name, age, place of residence, and previous occupation of every person so appointed, with the date of his appointment.

XXXIII. Subject to the approval of the Commissioner of Circuit, the Magistrate may appoint such number of Jemadars and Inspectors as may be necessary for the supervision and control of the Chowkeydars. Provided that the number of these officers shall not be greater than one Jemadar to fifteen Chowkeydars, and one Inspector to sixty Chowkeydars.

XXXIV. Subject to the approval of the Commissioner of Circuit, the Magistrate may appoint one or more Tax Collectors or Darogahs and such other servants as may be necessary for preparing, or assisting the punchayet in preparing, the assessment or rate, for copying the same, for collecting the tax, keeping the accounts and records, and otherwise carrying out the purposes of this Act. The Magistrate shall take from every Tax Collector or Darogah such security for the due disposal of the sums collected by him as may be thought necessary.

XXXV. The Magistrate may further incur any reasonable expense in the purchase of stationery, in providing badges, dresses, and weapons for the Chowkeydars and for any other contingencies that may seem to him necessary.

XXXVI. After paying the wages of the Chowkeydars, and defraying the charges specified in the three last preceding Sections of this Act, the Magistrate may, with the sanction of the Commissioner of Circuit, ap-

propriate any sum which may be available, to the purpose of cleansing the city, town, or place, or of lighting or otherwise improving the same.

XXXVII. The Tax-Darogah shall prepare, from the lists hereinbefore mentioned, a Register, which shall be attested by the Magistrate or his Deputy or Assistant, and shall contain the names of all persons assessed or rated so far as they can be ascertained, the property in respect of which the assessment or rate in each case is imposed, and the amount payable monthly by each person.

XXXVIII. On the tenth of each calendar month, or so soon after as possible, the Tax-Darogah shall proceed in person or through some one of his office establishment, to collect the amount due for the current month from each person subject to the tax; and for all sums so collected, the Darogah shall grant a receipt. Provided that, with the sanction of the Commissioner of Circuit previously obtained, the collection may be made quarterly instead of monthly; and in such case, the amount due for each quarter shall be collected in the last month of that quarter.

XXXIX. The Tax-Darogah shall remit to the Magistrate, in such manner as the Magistrate shall direct, all sums of money collected either by himself or by any one of his establishment, and the Magistrate, or some officer of his establishment authorized on that behalf, shall give the Darogah a receipt for every sum of money so remitted. The Magistrate shall also cause all such sums of money to be credited to a separate Fund, to be called the Chowkeydaree Fund of the city, town, or place in or on account of which they are collected.

XL. The Tax-Darogah shall prepare all summonses and processes to be issued against defaulters, and shall make the usual returns thereto, and shall keep a regular account of all distresses levied and sales made by him for the realization of arrears.

XLI. On the 20th of each calendar month, or as soon after as possible, the Tax-Darogah shall deliver or transmit to the Magistrate, in one list, a statement of all defaulters, the property in respect to which they are assessed or rated, the amount of the monthly assessment or rate, and the amount due from each.

XLII. On receipt of the aforesaid list, the Magistrate shall issue a summons against each of the defaulters therein mentioned, requiring him either to pay the demand or to attend at the Cutcherry of the Magistrate within a reasonable time, to be specified in the summons, to show cause for his refusal.

XLIII. If any defaulter fail to appear in answer to the summons, or having appeared, fail to satisfy the Magistrate that no arrear is due from him, the Magistrate may issue a warrant to the Tax-Darogah, authorizing him to levy the whole or any part of the demand by distress and sale of any goods and chattels belonging to the defaulter, or being at any time upon the premises in respect of which

The Tax-Darogah shall make an inventory of all goods and chattels seized under the Magistrate's warrant, and shall give previous notice of the sale, and the time and place thereof, by beat of drum in the district in which the property is situated. If the arrear be not paid with costs, or the warrant be not in the meantime discharged or suspended by the Magistrate, the goods and chattels seized shall be sold at the time and place specified, in the most public manner possible; and the proceeds shall be applied in discharge of the arrears and costs, and the surplus, if any, shall be returned on demand to the person in possession of the goods and chattels at the time of the seizure. The Tax-Darogah shall make a return of all such sales to the Magistrate in the form specified in Appendix D, and the costs upon every such proceeding shall be such as are mentioned and set forth in Appendix E annexed to this Act.

XLV. Produce of Behar Agency Chests ..	2,540
Ditto of Benares ditto ditto ...	1,115

Total Chests ... 3,655

Conditions of Sale.

1. The Opium will be sold for exportation by Sea only, and no Certificate will be granted except to cover such export.

2. The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 12 of the Conditions of Sale.

3. The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public Holiday) at the hour of 11 A. M., and so on, until the whole of the remaining lots are disposed of, or if the quantity of 3,655 Chests shall not be sold on the day advertized, the Board may dispose of the lots which remain on hand at a future Sale.

4. Each lot to contain five chests.

5. A deposit in a Promissory Note, either for 25 per cent. even money of the amount for which each lot is knocked down or for Rupees 1,000 at the discretion of the Officer superintending the Sale, shall be made by the purchaser in the Sale Room; and before the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Sub-Treasurer's receipts, or by substitution of other public Securities of the Bengal Government on or before 4 o'clock of the afternoon of Saturday, the 17th January, or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's receipts or deposit of other public Securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6. The Promissory Notes taken on the day of Sale, under the last-mentioned Condition, if remaining unredeemed on the said 17th January, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7. No tender of money, Sub-Treasurer's receipts or public Securities on account of Opium upon which the prescribed deposit may not have been made before 4 o'clock of the 17th January will be afterwards accepted.

8. The Opium now advertized for Sale shall be paid for within 15 clear days from the day of Sale, that is to say, no Treasury receipt will be accepted in payment after 4 P. M. of Tuesday, the 27th January 1857, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit of 25 per cent. even money of the amount for which each lot is knocked down, or Rupees 1,000 for each lot, or any public Securities that may have been deposited on account of such lots or chests shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale and the amount

at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9. Purchasers taking out Certificates or Orders for the delivery of Opium after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase which they may desire to be included in each Certificate or Order, and it is to be clearly understood, that the Certificates or Orders so taken out shall be considered final, and not afterwards changeable for other Certificates or Orders authorizing the delivery of single lots or of a different number of lots or chests whether more or less, than the number of lots or chests originally required to be included in each Certificate or Order.

10. No Sub-Treasurer's receipts or deposit of public Securities under the fifth of the present Conditions will be received in this Office except from the party recorded as the purchaser in the Sale Book or his authorized Agent. The receipt for deposit of public Securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

11. The Officer superintending the Sale on the part of the Board of Revenue is empowered to reject at his discretion the bid of any individual unless such individual shall, on demand, tender at the time a deposit either in Bank of Bengal Notes, Sub-Treasurer's receipts or other Government Securities equal to 25 per cent. even money of the amount so bid, or Rupees 1,000 for each lot.

12. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government superintending the Sale shall be competent at any time during the Sale to withdraw any unsold lot and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained; and the first *bona fide* bidder for a lot after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot; and the Officer of Government superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided, always, that no lots shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, any number of lots of the same Agency. Opium to the extent of twenty-five lots and for the lots so purchased, the purchaser shall deposit for each lot 25 per cent. even money of the amount bid by him for the first lot, or Rupees 1,000 for each lot, and pay the same price per chest as that for which he purchased his first lot, provided, always, that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Pleas and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15. The following papers together with samples of the Opium for sale will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Junior Secretary to the Board of Revenue:—

No. 1—Certificate of the Opium now advertised for Sale.

No. 2—Report of the Examination of such Opium.

16. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1855-56, the same precautions have been taken as those which have been observed during past years, to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the Cakes, and to have the due proportion of Opium put into each Cake. An Account of the weight of the drug when packed at Behar and Benares, and a Statement of the average weight of the Chests indiscriminately taken for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on application at the Office of the Junior Secretary to the Board of Revenue; and further that four chests of Behar and Benares Opium which have been reserved from the provision of the two preceding years, will be also shown to the purchasers at the Exchange Rooms on the day of Sale, to enable them to judge of the state of preservation in which the drug has kept.

17. Any further information respecting weight or quality of the Opium advertised for Sale that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Revenue, but in accordance with established usage; under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug which may be preferred on reference to Chests after the Sale and delivery of the Opium for shipment.

18. The public are hereby informed that in addition to the quantity above-mentioned, the following quantities, more or less, of Behar and Benares Opium of 1855-56, will be brought to Sale in the year 1857, on or about the dates specified below. The Board, however, reserve to themselves the right of altering these dates should circumstances render it expedient to do so:—

If the Agents of the French Government shall not make the requisition for Opium within the time above-mentioned, the entire quantity of about 43,905 Chests of Behar and Benares, as above estimated, will be brought to Sale in the usual manner; and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertised for Sale at each or any of the Twelve Sales above mentioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

Article 6th.—"With regard to the trade in Opium, it is agreed between the high contracting parties that at each of the periodical Sales of that article, there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of Chests so applied for, provided that such supply shall not exceed Three hundred Chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical Sale, it being understood that if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much on reduction of the Three hundred Chests herein before mentioned. The requisitions for Opium as aforesaid are to be addressed to the Governor General at Calcutta, within thirty days after Notice of the intended Sales shall have been published in the *Government Gazette*."

Madras Exhibition of 1857.

NOTIFICATION.

THE Right Honorable the President and Members of the Committee for the Madras Exhibition of 1857 have the honor to announce, that Articles from all Countries will be admitted to the Madras Exhibition, to be held in the beginning of 1857, and be allowed to compete for Prizes; but, with a view to promote the good of this Country, it is hereby notified that Money Prizes, Medals, &c. will only be given for Articles capable of being applied in the Arts and Manufactures of India, or calculated to be of use to its people.

It will be necessary that each Local Committee attend to the following points:—Each Article sent for Exhibition must be (1) distinctly labelled, and the label must (2) set forth the district or locality from which the Article is sent; (3) the name of the Exhibitor; and (4) the price of the Article. Each Local Committee will also state in their Invoice List, how each article they send is to be disposed of at the close of the Exhibition, in the event of its not having been sold for the price put upon it by the Exhibitor.

The several Local Committees will consider themselves at liberty to add to their numbers such influential Natives of their District as they may consider likely to aid them in promoting the objects in view.

It would greatly facilitate the accurate performance of the duties of the General Committee if the Local Committees and the Exhibitors when addressing communications on the subject of the Exhibition would adhere to the official form of communication; or, in case of the non-official or private form being adopted, if they would so mark the letter, or such portions of it, in case of the letter being of a mixed nature, as may be intended to be private or non-official.

Marine Court.

At a Marine Court assembled on Monday, the 27th day of October, one thousand eight hundred and fifty-six, under Act XXIV of 1845, Mr. Acting Mate Pilot Octavias Brydges was tried on the following charges:—

CHARGE.

Mr. Acting Mate Pilot Octavias Brydges, placed under arrest by order of the Officiating Superintendent of Marine, on the following charges:—

For breach of duty in the following instances:—

First.—That he being in pilotage charge of the French Ship "Maupeitius," inward bound, upon the 11th September 1856, was intoxicated to such a degree that he could not perform his duty, and the Commander was compelled to prevent his getting the vessel underweigh at an improper time, when both wind and tide were against him.

Second Instance.—That he, upon the same day, about 3 P. M., threw up charge of the said Vessel, leaving her at anchor a few miles above Fulta, and proceeded to Calcutta without the sanction of the Commander, or permission of the Master Attendant.

Second Charge.—That he, upon the 1st day of this present month of October, being then a patient in the General Hospital, was in such a state from the effects of intoxication that he was reported by the Marine Surgeon to be laboring under the disease "Ehrietas."

By order of the Offg. Supdt. of Marine,

Secretary.

FINDING.

The Court, having maturely weighed and considered the evidence brought forward in support of the prosecution, together with that adduced on the defence, is of opinion that Mr. Acting Mate Pilot Octavias Brydges, is guilty of the first instance of the first charge, guilty of the second instance of the first charge, and guilty of the second charge.

(Signed) H. PIDDINGTON,
President.

SENTENCE.

The Court, having found the defendant guilty as above specified, do adjudge that Mr. Acting Mate Pilot Octavias Brydges be dismissed the Service.

(Signed) H. PIDDINGTON,
President.

(Signed) THOMAS HILL,
Judge Advocate.

MINUTE BY THE COURT.

The Court would desire respectfully to bring to the notice of Government the extraordinary discrepancy between the evidence of Dr. Shircore and that of the Hospital Apprentices, which has thrown much doubt and embarrassment on the case, and which may be obviated in future, so as to render the Hospital books more reliable documents, by a strict order that the character of the diseases of Marine patients shall in all cases be in the handwriting of the Surgeon in charge of the case.

(Signed) H. PIDDINGTON,
President.

2nd. The proceedings having been submitted to Government, the Hon'ble the Lieutenant-Governor of Bengal has been pleased to approve and confirm the Finding of the Court, and the Sentence which it has awarded, and the Officiating Master Attendant has been accordingly requested to strike out the name of Mr. Acting Mate Pilot Octavias Brydges from the list of Pilots.

**SAILING DIRECTIONS FOR ENTERING
THE HARBOUR OF DALHOUSIE.**

Latitude..... 16° 7' 00" N.
Longitude..... 94° 27' 00" E

1st.—Vessels, of 14 feet draft and upwards, should, on no account, attempt the passage to the Westward of Negrals Island.

2nd.—Vessels coming from the Southward should bring Diamond Island to bear North-West then steer for it until the Fairway Buoy is visible, which is situated 1½ mile North-East of the Island. Steer North North-East from this Buoy until Black Buoy bears East, then North-East by North.

3rd.—Vessels entering from the Westward, in Latitude North of Diamond Island, should bring it to bear South-East, steer in for it until the Fairway Buoy is made, then proceed as above directed for vessels entering from the Southward. This passage, however, should be attempted by sailing vessels only in the North-East Monsoon.

4th.—Vessels unable from stress of weather to distinguish the different marks, should anchor under Diamond Island where good anchorage and smooth water is to be found.

Lieutenant Ward's Chart of the Bassein River is an excellent guide, and vessels provided with them scarcely need Pilots.

The following Buoys are now laid for the guidance of Commanders and Masters:—

A first class Red Buoy marks the extreme South end of the Orestes Shoal.

A first class Red Buoy marks the Eastern limit of the Orestes Shoal.

A first class Black Buoy marks the extreme edge of the Shoal extending from Porian shore.

A first class Red Buoy, marked Fairway, in white letters, is placed 1½ mile North-East of Diamond Island.

N. B.—The Shoal extending South of Negrals Island is now called the Orestes Shoal, and that extending from the Porian shore Westward the Porian.

DIRECTIONS

FOR

APPROACHING THE SANDHEADS IN BOTH MONSOONS.

THE SOUTH-WEST MONSOON.

THE South-West Monsoon may be considered to commence on the 15th March, on which date the Pilot Vessels take up their station near the Buoy on the Pilot's Ridge as described below. The South-West Monsoon is over by the end of September.

2nd. False Point Light House is in latitude $20^{\circ} 19\frac{1}{2}'$ North and longitude $86^{\circ} 47'$ East, and a Buoy is placed in $21\frac{1}{2}$ fathoms on the Pilot's Ridge, in latitude $20^{\circ} 49\frac{1}{2}'$ North and longitude $87^{\circ} 42'$ East, the Buoy therefore bears from False Point Light House North $59^{\circ} 49'$ East, true, and distant $59\frac{1}{2}$ miles.

3rd. A Vessel, therefore, after making the Light House at False Point (in passing which she ought not to go into less than 10 fathoms), should bring it to bear about West-South-West 10 or 15 miles distant, when she will be in 11 or 12 fathoms; then steer East-North-Eastward when the soundings will gradually increase to 23 fathoms on the Eastern edge of the Pilot's Ridge; she should then regulate her course so as to keep between the Ridge and 27 fathoms, when, by attention to the lead and nature of the soundings, course and distance run from the Light House, it is almost impossible to avoid making the Pilot Vessels, as their cruising ground is immediately to the North-East of the Light Vessel stationed during the South-West Monsoon in close proximity to the Buoy on the Ridge.

4th. The soundings to seaward of the Pilot's Ridge are, in general, a greenish or olive-colored mud, with occasionally a few bits of broken shells mixed with it; whilst those on the Ridge are of a shelly sand, or minute gravel, of a reddish or rusty brown color.

5th. Vessels approaching the Station are earnestly warned to be careful in avoiding collision when communicating with either the Light, or supplying Pilot Vessels; and, on making the former at night, they are strongly recommended to heave to, at a proper distance, till day-light, by which measure they will avoid the probability of passing the supplying Pilot Vessels in the darkness of the night.

6th. The Eastern Channel Light Vessel is in latitude $21^{\circ} 04'$ North and longitude $88\frac{1}{2}^{\circ} 14'$ East, and therefore bears from the Buoy on the Pilot's Ridge, North $63^{\circ} 26'$ East, true; and distant $32\frac{1}{2}$ miles. The Eastern Channel Light Vessel, from the 15th March to the 15th September, burns a blue light every half hour and a maroon every quarter hour during the night, commencing at 7 P. M.; and her standing light is a plain light.

7th. The Pilot's Ridge Light Vessel shows from the 15th March to the 15th of September a plain standing light, and burns a blue light every hour and a maroon at the intermediate half hours.

8th. It is important to observe the difference as to the blue lights and maroons shown by the Eastern Channel and the Ridge Light respectively, as, if this is attended to, a Vessel, out in her reckoning, or uncertain of her position, cannot possibly mistake one for the other.

THE NORTH-EAST MONSOON.

9th. This Monsoon, which constitutes the fine season in the Head of the Bay of Bengal, is considered to commence in October and end in the beginning of March. During this season the Pilot Station is about the outer Floating Light situated in the Eastern Channel as above, and Vessels coming in should make directly for that mark. The Pilot Vessels cruise in the day time spreading East and West of, sometimes a little to the Southward of the Light Vessel, and at night anchor in positions not far from her. At this season she shows a maroon or torch-light every half hour and a blue light every hour.
